

Data Driven Agility with [Amanda Daigle Shyne](#)

Limited RV parking now available!

6 - 8 RV's will be able to park behind the arena. Parking is on grass. You will need to drive on dirt/gravel/ grass around the arena building and park lined up along the building. Parking will be in order of arrival and you may not be able to leave until the end of the trial. There are no hookups. Generator use will not be limited, but you must use a "genturi" to direct exhaust up and away.

To reserve your spot, fill out the form in the premium and return it to Val prior to September 6. If more reservations are received than spots available, a lottery will be used. If you do not receive a spot through the lottery, you may withdraw from the trial, but you must notify Val immediately for a refund.

Small camping trailers (under 21 ft) that can park where cars do must make a reservation, but will not be limited or subject to lottery unless an unexpectedly large number are received.

## **RV Camping DATA DRIVEN**
